Dear Year 10 parents and carers,

I wanted to write to you directly as I know many of you will be particularly concerned about the impact the school closure will have on your child's GCSEs. Year 10 are very much our priority to ensure that they consolidate their learning completed during the school closure and are ready to hit the road running when we return to school.

Many Y10 pupils are working really hard from home, are in regular contact with their subject teachers and are submitting work. This will mean that they make the most of this time. However, a significant minority are not engaging productively with this work. We appreciate that this time is difficult for all of us but also know that completing a manageable amount of learning from home will help your child keep up with their learning and also provide some much needed structure to their lives during this period of lockdown.

We are here to help with this. We can speak to your children regularly to check they understand the work, support with any technical issues they have and give them feedback on the work they have completed. If you are concerned that your child is not working hard enough then please contact your child's form tutor or Ms Johnson their head of year for advice and support.

These are difficult times, and managing your teenager at home through this is not going to be easy - but we are with you every step of the way.

Take care, stay safe, keep in doors and let's work together to help your child keep learning.

Rebecca Curtis
Principal
