18th March 2021

Dear Parent/Carer,

Introducing Study Club

We believe that purposeful homework and independent study will lead to improvements in pupils progress and attainment. To support our pupils become better independent learners, we are introducing Study Club.

What is it?

Study club is a space for pupils to complete their homework and carry out independent study with the support of teachers. It is a calm, purposeful and scholarly atmosphere. Pupils will be provided snacks during study club.

Who attends?

Pupils who fail to submit two or more pieces of homework in the previous week. They will attend for 30-minutes at the end of the school day for five days (Monday to Friday). Parents will be informed via text message if their child is attending study club.

What happens if my child misses study club?

There will make up for lost learning time the following day. For example, if a pupils misses Study Club on Monday, they will be expected to attend for 1 hour the following day.

Can pupils attend voluntarily?

Pupils will not be able to attend voluntary while social distancing rules are in place. We will introduce this when the social distancing rules are relaxed.

We believe Study Club will be transformational for the pupils who struggle to complete their homework and we hope that you support us as we help our pupils learn better.

Please contact me on info@arkelvinacademy.org if you have any questions.

Best wishes,

Tommy Ittu
Vice Principal
